

No. 16 Canadair Wing Air Cadets "Shine" At Annual Inspection

Parents and guests were treated to an excellent exhibition of marching and precision drill by No. 16 (Canadair) Wing at its annual inspection and presentation of trophies and awards at the Town of Mount Royal Arena Sunday May 25.

Air Commodore D. A. R. Bradshaw, R.C.A.F. - took the salute (588, 592 and 621) and then with Wing Commander E. E. Simms and other military and civilian officials reviewed the young cadets.

The large audience present was treated to a fine display of precision drilling by the group of youngsters. Two groups of cadets gave individual maneuvering by verbal order, the second by timing and memory. The intricate marching and forming was executed with amazing skill and finesse, a tribute to the boys and their leaders. Another worthy performance was given by the band of the No. 325 (Kiwanis) Squadron RCAC. of Cornwall, Ontario, who provided tuneful music (complete with glockenspiels) and a marching display.
